PRICE THREE CENTS

TAKE LAST STEP TOWARD PAVING

Town Council Unanimously Adopts New Street Ordinance at Special Session.

HAVE TO SQUEEZE TIGHTLY

Prices For Paving Work Have Jumped Nearly Forty Instead of Estimated Twenty Per Cent. Await April 1.

The final step toward the proposed paving of Carlisle and Baltimore streets was taken by the Town Council at a special meeting Friday night when it unanimously adopted the ordinance pertaining to that work. Councilmen Dougherty, Huber, Koch, Funkhouser, Lightner, Toot, Peckman and McDonnell were present at the special session and all voted for the adoption of the ordinance.

Within a day or two the proposed ordinance, contract and other necessary documents will be sent to the State Highway Department for approval. Following the usual course of procedure the Highway Department will later submit them to the Attorney General's department for final ratification.

That the Town Council will have "to squeeze tightly", as one of the members put it, to have sufficient funds to complete the proposed paving work, was brought out at the special session.

Figuring on a twenty per cent increase since the contract for Chambersburg and York streets was let several years ago, the Council estimated that the cost to the borough and property owners for paving Baltimore and Carlisle streets would amount to approximately \$46,000. The concrete base of the Chambersburg-York street job cost \$1.70 per square yard and the bituminous surface \$1.30 per square yard. Twenty per cent increase, the Council thought, would be sufficient to allow for the Baltimore-Carlisle street job. Hence only \$35,000 was asked at the special bond issue election in February of last year.

Judging from the bids at Harrisburg on contracts to date, however, the Council finds that the price of work has jumped nearly forty per cent instead of their estimated twenty. A concrete base now costs \$2.25 per square yard instead of \$1.70 and bituminous surface \$1.75 instead of \$1.30.

If the bids opened in Harrisburg April 1 are reasonable the Council will be able to go ahead with the borough.

SOUDER STARTS WORK

Early spring weather and favorable labor conditions has made possible the beginning of road construction work on the Lincoln Highway east of Graeffenburg Inn by the Souder Construction Company. The contract to be completed consists of one and one-half miles east of Caledonia and three and two-fifth miles from Caledonia to Fayetteville.

HORSE SOLD FOR \$295

A horse at the sale of F. J. Hartlaub, near Gettysburg, sold for \$295 and a cow brought \$100 at the sale Friday. About six hundred persons were present and the total amounted to \$3,542. Four horses were sold for and average of \$241.50 each. C. R. Thompson and son were the auctioneers and Collins and Epley, the clerks.

BOY NOT SENTENCED

Frank Eshleman, the 16-year-old Greencastle boy, who pleaded guilty to the theft of registered packages containing \$2,000 from the post office of that place, was given a suspended sentence by Judge C. B. Witmer at the meeting of the Federal court in Scranton this week.

MACHINERY ARRIVES

Expected to be Operating in Sure Foot Plant Soon.

Two mills weighing 18,000 pounds apiece and a motor drive weighing 12,000 arrived in Gettysburg Friday afternoon from Derby, Connecticut, and were delivered to the Sure Foot Heel and Rubber Company plant on North Washington street.

This machinery, which is of a most modern type, is expected to be operating in the Sure Foot plant on or before April 15.

PERMIT COUNTIES TO HONOR HEROES

Governor Signs Bill. People May Decide On Building Memorial Halls.

MAY LEVY A SPECIAL TAX

Would Provide Rooms For Meeting of War Organizations. Asks Compensation For Idle.

Commissioners of Adams county now have the power to set in motion plans for the erection and maintenance of a memorial hall in honor of the men who served in the various wars of the United States by reason of the action of Governor William C. Sproul, who has approved the Senate bill establishing this procedure.

The bill, which becomes effective at once, provides where petitions for such halls have been approved by two successive grand juries it shall be the duty of county commissioners to submit the question of erection of such a building to the voters of the county. If carried, the commissioners are authorized to purchase or condemn buildings or sites for the purpose, to levy a special tax and to receive donations.

Room For Meetings
The memorial halls are to contain a large room for meetings of veterans, patriotic gatherings and for sessions of organizations of veterans, historical societies, committees of defense and welfare and for trophies together with waiting and restrooms. The room for the historical society is to be made as near fireproof as possible.

To administer the building the act creates a board of control consisting of three members each of the G. A. R., Spanish War Veterans and American Legion.

The memorial hall must display the colors daily.

The Governor has also approved the measure limiting the interest rate on township debts to six per cent instead of five.

Would Compensate Idle
Compensation for unemployment, operating on a similar plan to the present disability compensation law, will be introduced in the House on Monday, according to labor leaders of Harrisburg. The bill, which has been prepared by the State Federation of Labor, is designed to prevent unemployment in the future and provide.

PROTEST PICTURE
Methodist Clergy Object to Reflection on Protestant Ministers.

Members attending the conference of the Methodist Episcopal Church in Williamsport adopted a resolution protesting against a moving picture entitled "The Stealers," as a reflection upon all Protestant ministers and called upon Governor Sproul to prohibit its showing in the state. Rev. Harry Daniels, pastor of the local Methodist Episcopal Church is attending the sessions.

The resolution further adds that it is understood that a Catholic priest is on the state moving picture commission and that Protestant clergy are continually held up to ridicule while caricature of Catholic priests is never permitted.

A resolution was also adopted protesting against the McCann bill to legalize baseball playing on Sunday.

COLLEGE STUDENT MARRIES IN YORK

Roderick Walker Cook, Senior, Weds Miss Mabel E. Ulrich.

Unknown to the members of his class at college and the student body as well, Roderick Walker Cook, a Senior, was married in York at high noon today to Miss Mabel E. Ulrich, school teacher of that city.

The ceremony which comes as a surprise on the campus was performed in the Lutheran parsonage, 1435 West Market street, by Rev. H. T. Bowersox, a graduate of the Seminary here.

Mr. Cook is a resident of Dillsburg and a son of Honorable C. E. Cook who is now serving his third term in the state legislature. He is a graduate of Gettysburg Academy and will receive his diploma at college in June. Last spring he was a member of the Varsity baseball squad and in October was chosen president of the College Republican Club. He is a member of the Theta Phi fraternity and is following an educational course at college.

Miss Ulrich, a resident of Rossville, York county, is a graduate of Shippensburg Normal School and Irving College. For the past two years she has taught in the primary department schools in the Hartley building, York.

Following the ceremony, Mr. and Mrs. Cook left York for a wedding trip to Baltimore, Washington, Philadelphia, Atlantic City and Harrisburg. Mr. Cook is the first member of the Senior class to be married this year, the number of benedicts in 1921 now totaling two.

GETS IMPORTANT JOB
John F. Dapp Appointed By Dauphin Commissioners To Advise Them.

John F. Dapp, of Harrisburg, president of the board of trustees of Pennsylvania College here, and active in the interests of the institution, was appointed Friday as one of a committee of six men to act with the county commissioners of Dauphin to select a site, plans, specifications, selection of an architect, type of building and other details in connection with the proposed erection of a new court house and office building in Harrisburg.

In speaking of his appointment on this important committee, a Harrisburg newspaper says:

"Another member of the commission connected with banking institutions is Mr. Dapp, who has interests in the Merchants' National and Central Trust Company. He was named a member of the school board by the late Judge George Kunkel, to fill an unexpired term. Mr. Dapp has been actively interested in the affairs of Gettysburg college and has also been identified for years in progressive civic movements."

URGES GETTING TOGETHER

Steps Taken to Secure Community Hall. Town Plans to Open Playground This Spring.

"American citizens of the future must have a world view for the time is past when the United States can hold aloof from the participation in world affairs," said Prof. Roy D. Knouse in an address to the Home and School League of Biglerville on Friday evening. "The public schools must give the boys and girls of today that broader outlook upon life for they are the future citizens who will handle affairs within the next few decades."

"The public school cannot give boys and girls this broad view unless the parents of today get together with the teachers and by earnest and sincere co-operation work towards that end. Visiting a school for the sole purpose of finding fault with the minor details of school life when at the same time the self same folks are so narrow and bigoted that they fail to see the real work and problems, seems to be a popular indoor sport of some people. This kind of criticism is destructive and if continued will break down any school system. However kindly visitation by the patrons of the school, who have an eye for the good points as well as for the few faults gains the

EAST BERLIN GIRL IS BEST SPELLER

Ada Sclar Declared Winner of Annual County Spelling Contest.

Ada Sclar, of East Berlin High School, is the champion speller of Adams county for 1921 by virtue of winning the annual contest which closed in the court house this afternoon at 2:15 o'clock. Miss Sclar was adjudged the winner when she correctly spelled the word "illies" after it had been misspelled by Goldie Hook, White Hall, Mount Pleasant township.

Miss Hook finished second; Clara Kittinger, Gettysburg High School, third; James Livingston, York Springs High School, fourth; and Pauline Spangler, Littlestown High School, fifth.

The last three words missed were "frolicking," "accordian," and "illies." Forty five spellers survived the morning preliminary test and lined up along the rail in the court room when Professor H. Milton Roth, county superintendent of schools, called off the first word "champion" at 1:15 o'clock. These forty five spellers were all that were left of the original eighty three which had taken the morning test under the supervision of Professor W. Raymond Shank, assistant superintendent.

The word "preparation" caused the first failure and from then on the pupils fell at intervals of a minute or two on "hypocrite," "legible," "dispel," "maxim," "devastate," "hypocrisy," "lacerate" and others.

RENEW INTEREST TOWARD HOSPITAL

Apron Contest Yielded \$870. Emergency Fund Total Has Reached \$4,220.

Following the official opening of the hospital last Tuesday there has been an increased interest among the people of the county in the cause as indicated by the liberal contributions being received daily by the committee.

Complete reports of the apron measuring movement supervised in the First Ward by the W. C. T. U., Second Ward by Miss Elizabeth Cox and Third Ward by Mrs. Harry Cunningham places the total at \$870.01. Nearly \$600 had been raised up until Thursday noon and the amount reported since then sent the figures soaring to nearly \$900. The people of Gettysburg gave \$617.17 of this amount and the residents outside the borough \$252.84.

Owing to the fact that the \$5,000 Emergency Fund will undoubtedly be raised exclusive of this \$870, the latter sum will be used for improving and beautifying the grounds lying between the hospital and South Washington street. Fill ins will be made to establish a better grade and a road will be built between the street and building. It is also the intention of the committee to purchase shrubbery to beautify the appearance of the hospital plot.

The Emergency Fund has reached \$4,220, according to the latest announcement of the committee. These persons are announced as contributors: Gettysburg Department Store, I. F. Hartman, George E. Hartman, J. C. Shank, Charles Swartz and Lily Dougherty, \$40; and the following at \$10: Miss Ella Gilliland, T. Marshall Mehring, Miss Margaret McMillan, William Sheeds, Mrs. William Sheeds, James Tate, Eagle Hotel Barber shop, W. Preston Hull, Ray M. Hoffman, Arthur R. Jones and J. Harry Holtzworth. The glass bowl in Weaver's store also yielded \$10.

During the first day of their rummage sale in the Photoplay building on Baltimore street the ladies of the Citizens Trust Company raised \$110. This figure is expected to be doubled before the close of the sale.

PALM SUNDAY AND HOLY WEEK

Churches in Town And County Hold Special Services.

TELL STORY OF THE PALMS

Many Pastors Will Preach Sermons Each Night Next Week. Choirs to Sing Cantatas.

Palm Sunday services in which the story of Christ's triumphant entry into Jerusalem when palm branches were strewn in His path by the multitudes that followed Him into the city will be held in every church here and in the county Sunday. Special music and sermons have been announced by practically every church of all denominations.

These services, which mark the beginning of Holy Week, will be second in solemnity only to those of the following Sunday when the Easter festival will be celebrated.

Ferns, palms and potted plants will adorn the altars in place of fresh blooms that some times are available when the day comes later in the year. Despite the unusual warm weather of March, there are yet no fresh blooms, except those grown indoors.

Sermon themes tomorrow and through the week will deal generally with the events leading up to the crucifixion of Christ on the cross and pastors will repeat the solemn services commemorating His death on Good Friday. Themes on Easter, which mark the culmination of the Lenten period of special services in the churches, will turn from the sorrow of the week to that of joy induced by the resurrection.

Many pastors have announced services for each evening of Holy Week, except Saturday. In some of the churches only the mid-week service will be held.

Prominent in the music offered for Palm Sunday is the cantata to be given by the choir of the Trinity Reformed Church. They will sing "The Crucifixion" by Stainer at the morning service.

At the evening service in the St. James Lutheran Church, the choir will render the cantata, "Olivet to Calvary," by Maunder. The cantata opens with a chorus describing the Lord's journey over Olivet on his way to Jerusalem, which is followed by a soprano recitative description of Jerusalem. Christ weeping over Je-

MEXICO BARS LABOR

(By Associated Press)

Washington, March 19.—All foreign laborers and particularly American laborers have been barred from Mexico by a decree issued by President Obregon, a copy of which was received today at the State Department. The reason assigned was that an influx of foreigners would serve to prevent the full employment of native labor during the period of scarcity of work.

The decree, it is understood, was aimed more directly at the situation in the oil fields where there has been an increasing use of American workmen but no special reference to this was made in the document.

STOP SALE FOR A PAPER

(By Associated Press)

St. Louis, March 19.—Chief of Police O'Brien today ordered the arrest of all persons "crying the sale on the street" of Henry Ford's publication, the Dearborn Independent, because of an alleged anti-Semitic campaign conducted by that newspaper.

The order did not refer to the sale of the paper at news stands or door steps. It followed an opinion of City Counselor Daue's that "crying the sale on the street" of the publication constituted a law violation under the criminal libel statutes and disturbance ordinance.

FINAL APPEALS IN MINERS' TRIAL

Defense Counsel Says Smile of Sid Hatfield Disturbed Prosecutor.

INDUSTRIAL CONTROVERSY

Says Detective Agency Struck at Miner's Home. Mayor Testerman Described as Martyr to Duty.

(By Associated Press)

Williamson, W. Va., March 19.—The last appeal for conviction or acquittal of the sixteen men being tried on an indictment charging them with the death of Albert C. Felts, a private detective at Matewan, ten months ago, was made to the jury today. J. J. Coniff closed for the defense. He referred to addresses yesterday of Attorney Marcum, associate state counsel, during which the latter commented on the smile on Sid Hatfield's face during the testimony.

"Sid Hatfield's smile disturbed Marcum," he said, "and I believe he would like to convict him for no other reason than smiling." Hatfield, a principal defendant, is the chief of police of Matewan.

Coniff stressed the industrial controversy in the Mingo district and charged that coal operators did not want it unionized.

"So the shrewd detective agency struck at the vital point in the miners' life by striking at what he worked and slaved for—his home."

He declared Mayor Testerman died a "martyr to his duty" and said "there should be a monument placed to his memory because the detective agency had sought to buy Matewan officials who refused to be bought."

DISRUPTING UNIONS

Counsel Charges Railroad Labor Board at Hearing.

(By Associated Press)

Chicago, March 19.—Charges that the railroads knowing the railroad labor board had no power to enforce its decrees were trying to disrupt the labor union through public opinion and were attempting to influence the public through false paid publicity were made before the board today by Frank Walsh, attorney for the union when he began his second day of cross questioning of railroad officials.

Mr. Walsh renewed his investigation of railroad publicity despite objections from Judge Barton, chairman of the board that the matter was irrelevant. The labor attorney called Dewitt Cuyler, chairman of the association of railroad executives to the stand and resumed questioning on the subject which yesterday brought statements from Mr. Cuyler that publicity articles supposedly written by Mr. Cuyler really were prepared by Ivy Lee, a press agent.

Mr. Walsh drew statements from Mr. Cuyler that the national board of adjustment meant national agreement. He then called attention to copies of the associations' correspondence read yesterday after hearing showed that the association's labor committee adopted a report favoring national boards of adjustment but finally individual road adopted minority report by W. W. Atterbury, of the Pennsylvania, favoring local boards and opposing national boards. Mr. Walsh said this proved his contention that the board really favored national agreements but had been influenced by a few big roads.

FARM PROBLEMS BEFORE HARDING

Discuss Relief For Agricultur- ists With Cabinet. Reach No Decision.

LUKEWARM FOR EMBARGO

Transportation Situation Pictured as Serious. Hoover Favors Tariff as Protective Farm Measure.

Washington, March 19—President Harding and his Cabinet spent two hours yesterday discussing foreign affairs, the plight of farmers and the transportation situation. No decisions were reached, so far as could be learned.

The President was understood, however, to have expressed the opinion that the time had not yet come to name a definite program in regard to European affairs.

Reluctant on Embargo

The agricultural situation occupied most of the time of the President and his advisers. Mr. Harding is said to have expressed reluctance to embargo, by Presidential order, importations of farm products, as urged by some Congressional leaders. The President made it clear, however, that something must be done to rescue the agricultural markets from their present stagnation, and it is understood to have been decided, in a general way, that anti-dumping legislation must be considered first by the special session of Congress which begins April 11.

Philadelphia, March 19—The Commonwealth and defense have rested and the life and liberty of Peter D. Treadway, charged with the murder of Henry T. Peirce, will be placed in the hands of the jury Friday morning. The only three steps remaining in this spectacular trial are the closing address of counsel for the defense, rebuttal by the State and the charge of Judge Auland.

The life of the defendant was demanded by Assistant District Attorney Maurice J. Speiser in a brilliant summing up and exhortation of Treadway late Thursday afternoon. The room was bright in sunlight when he started, and deep in the shadows of twilight when he concluded his address.

He pleaded for the exercise of justice, pointed out the many parts of the evidence that seem to inculpate the defendant, and asked for either a verdict of murder in the first degree, carrying with it the death penalty, or else acquittal.

Speiser Rattles Defense Mr. Speiser began to talk at 4:20 o'clock, and did not finish until 5:40. During this time the crowd that packed the courtroom listened with silence, so that his voice rang to every corner while he demanded the death of Treadway as atonement for a horrible crime.

FORM MOUNT JOY POULTRY CLUB

State Leader Speaker at Meeting in Two Taverns School House.

Five boys and girls became the nucleus of a Poultry Club during a meeting of the Mount Joy Community Association in the Two Taverns school house Friday night. Herbert Crouse was chosen president and Edith Horner secretary. The other members are Alta Crouse, Theda Motter and Paul Crouse.

The organization of this Poultry Club followed an address delivered to the capacity audience by C. G. McBride, state leader of Boys and Girls Club work. Mr. McBride, who came to Adams county under the supervision of the Farm Bureau, outlined the plans for forming such a club, which allows the boys and girls to take over the management, rearing and feeding of the home flocks.

More members are expected to be added to the club roster within the next few weeks.

The Association went on record as being against House Bill 497 providing for the adulteration of milk food products. Copies of the resolution will be sent to Representative Eugene Elgin and Senator D. Edward Long. Walter Snyder, of the Market Committee, gave a report of his trip to Baltimore to inspect fertilizer plants.

Organization of a dramatic club was discussed and it is expected that such a club will be formed within the next few weeks.

D. Calvin Rudisill, president of the association, who presided, announced that the next meeting would be held March 31, instead of Friday, April 1, in order to allow the band to practice on the latter date for their concert April 2.

SAMPLED THE EVIDENCE

Tampa, Fla., March 19—The jury looked dubiously when evidence in a liquor seizure case involving the Cuban schooner Ramplazo was presented for its inspection yesterday in the Federal court.

"Have a drink, boys, and see for yourselves if it is not the real stuff," said District Attorney Herbert S. Phillips, handing bottles of whisky, brandy and wine, part of 300 quarts seized aboard the vessel, into the jury box.

The jurors did, except one, who merely sniffed, and were convinced, promptly voting the captain, mate and two deckhands guilty.

WANDERER WILL DIE FOR MURDERS

Jury Finds Him Guilty of Killing Stranger in Fake Holdup.

IS NOW UNDER SENTENCE

Defense's Plea of Insanity Fails to Save Former Soldier. Repudiates Complete Confession.

Chicago, March 19—Carl Wanderer yesterday was found guilty by a jury of the murder of the ragged stranger shot to death in the alleged mock holdup, and the penalty fixed at death.

The jury took four ballots. On the first ballot he was found guilty. The other three ballots were to fix punishment, the death verdict coming on the fourth. The jury was out 20 minutes.

Convicted Of Wife-Murder

Wanderer previously was convicted of the murder of his wife, shot to death at the same time as the stranger, and was sentenced to 25 years' imprisonment.

The double murder took place last summer. Wanderer declared that when he came home from a picture show with his wife, they met a man in the vestibule at the entrance to their home. The man opened fire, Wanderer said, and he fired back. The stranger and Wanderer's wife were killed.

For several days Wanderer was looked on as a hero. The police, however, found that the stranger's gun belonged to Wanderer's cousin, and that Wanderer had borrowed it a few days before the murders. Wanderer was arrested and signed a confession that he had hired the stranger, whom he termed "a poor boob," to stage a fake holdup and that he had killed his wife and the man.

Given Prison Term

In his first trial, for the murder of his wife and her unborn baby, Wanderer repudiated this confession. He was found guilty and given a 25-year sentence, the jury announcing that it had compromised on the punishment.

The State immediately arranged for a second trial, the charge being the murder of the dupe. The defense pleaded insanity in the second trial.

The body of the stranger still is in the county morgue, never having been identified.

Wanderer in the repudiated confession said he met the man in a saloon and arranged the holdup, telling the stranger he would kill his wife, but wanted to make it realistic by a mock robbery. He said he wanted to get rid of his wife so that he could go back into the army where he had served overseas as a lieutenant.

Steps were taken at the meeting to gain possession of the Garment Factory building which will be used for community purposes if the project goes through. It was placed in the capable hands of S. Grayson, Big-ham who recently conducted the successful campaign to have electric current brought to the borough and who led in the campaign for the Annie M. Warner Hospital. At the meeting five hundred dollars were subscribed. During the week the committee of the league which had been appointed last spring to aid in securing a playground will canvass the town for subscriptions. It is hoped that the full amount, \$2900 will be secured.

Another feature of the meeting was the presentation of the Court Scene from the "Merchant of Venice". This was presented by the following High School pupils who took the following characters: Portia by Miss Kathryne Fidler; Nerissa, by Miss Eva Carey; Shylock, by Raymond Oyster; Antonio, by Spencer House; Bassanio, by Clifford Bucher; Gratiano, by Gerald Plank; Duke, by Claude Miller. The work of Miss Fidler and Ray Oyster in the leading parts of Portia and Shylock was exceptional.

Other numbers on the programme were a piano solo by Miss Jean Lower, who rendered several musical numbers in a skillful and artistic manner; a reading by W. E. Kapp, on "Co-operation" two well delivered recitations by Mrs. Calvin Hoffman on "The Inventor's Wife" and "Optimism"; a vocal solo by Warren D. Enck; a singing dialogue by Master LeRoy Lady and Betty Dill; piano duet by Misses Pearl Epplen and May Baugher; recitation, "Cremation of Sam Magee" Margaret Bucher.

The next Home and School League meeting will be held in the nature of an entire day affair on Field Day. A committee has been appointed to work out plans for the meeting.

GERMANY SENDS NEW PROTEST

Objects to Revival of Polish Terrorism in Upper Silesian Districts.

Berlin, March 19—Reports of isolated clashes in a number of upper Silesian districts have caused the German Government to protest to the Inter-Allied Commission in Oppeln against the revival of what it terms "Polish terrorism."

In official quarters it was declared yesterday that several outrages were committed in the Rybnik district in the last few days, houses having been burned, one man murdered and others beaten, but that news of the incidents had not been made public here in the "fear that it would adversely affect the tide of German voters pouring into the plebiscite zone." For this reason the contents of the Government's note of protest, which cited specific instances, has not been made public.

Officially it is reported the situation in Silesia generally is quiet, but rumors persist that armed German and Polish forces are gathering on the frontiers in anticipation of fighting. The German plebiscite propaganda organization has put out a statement declaring the Poles have begun agitation for an extension of the Allied penalties to upper Silesia in the event that the Germans win.

The Inter-Allied plebiscite Commission has ordered a suspension of telegraphic and telephonic communication with upper Silesia from Saturday to Monday. A plebiscite will be held in upper Silesia Sunday to determine whether Poland or Germany shall have sovereignty over the district.

FARMERS PLAN CLOSE HARMONY

Western Organizations to Put in Effect New Marketing System.

Chicago, March 19—Farmers, organizations of the United States yesterday officially considered the most extensive co-operative marketing plans in the history of the country.

Two well developed projects for handling grain already have been worked out and are now being presented to farmers. If adopted, they will go into effect this summer. Efforts are being made to unite the two farm groups concerned on a single system.

The final ratification meeting for the broader of the plans, which includes handling of all grain, is set for April 6 here. The other organization, which concerns itself only with wheat, is already signing up members.

On April 7 the first working meeting of a national livestock marketing committee will be held here. Its object is to develop a national livestock marketing plan.

Coincidentally with these two meetings, fruit growers of the country will hold a conference in Chicago, at which consideration will be given the possibility of national co-operative effort.

The national plans for marketing of wheat and livestock are the culmination of much local and sectional co-operative enterprise already established by farmers.

The prime movers in the plans mentioned are the American Farm Bureau Federation and the Wheat Growers' Association of America. Both organizations are developments of the last few years.

TAKE LAST STEP TOWARD PAVING

(Continued from First Page)

ough's share of the proposition. Otherwise it may be necessary to postpone the work two or three months and call for another bond issue election.

"This year is our golden opportunity," said one of the Councilmen. "If we find ourselves running a little short due to the unexpected increase in prices I am certain the people would vote us any amount within reason that we needed."

Another unexpected source of expense is a drainage system at the junction of Steinwehr avenue and Baltimore street. There must be a more modern system installed there. The Council has been informed by the Highway Department, consisting of an underground pipe extending to Winebrenner's run. Six hundred feet of this twenty four inch pipe at \$5 a foot would total \$3,000 not counting labor.

Before adjournment the Council extended a vote of thanks to George C. Crawford, Highway Department engineer here and his assistant, Mr. Rhoads, for their valuable assistance all day Thursday.

Councilman McDonnell moved that a wagon be purchased and an additional man be hired to help keep the streets clean. There was no second.

IDENTIFY BANK ROBBER

Arrest Man In New York For Wyomissing Holdup.

New York, March 19—Securities worth \$65,000, identified as part of the \$180,000 loot taken last month in the holdup of the People's Bank of Wyomissing, Pa., were alleged by the police to have been found on a man giving the name of Harry Bernstein, who was arrested here yesterday with a companion in connection with the theft.

Bernstein, who gave a New York address, was arrested at Broadway and Seventy-fourth street with Solomon Girsch, also of this city.

Several arrests previously have been made in the case, in the vicinity of New York.

R. Seaman, a director of the Wyomissing bank, identified Bernstein by a photograph as one of the six men who participated in the robbery. Seaman said Bernstein was the man "who stuck a gun in the pit of my stomach."

Bernstein was also identified by Miss Rose Shanahan, of Wyomissing, as a man who roomed in her house from January 21 until the day of the robbery, when he disappeared.

VALUE OF FIRST AID

Next week's health lesson of the State Department of Health which will appear in these columns is entitled "First Aid". Following are the answers to the previous lesson:

Question 1—What is the Regulation of the Advisory Board in regard to kitchen or laundry water?

Answer—No kitchen or laundry water shall be allowed to flow into any gutter, roadway or public place.

Question 2—Before what officer is a case of infringement brought?

Answer—A Justice of the Peace.

Question 3—What does the State do when Boards of Health are inefficient?

Answer—Discharge the local Board of Health and take over the local health administration, charging all expense to the Borough in question.

The subject of next lesson is "First Aid".

Prompt and sensible administration of first aid has a value which cannot be measured. Meddlesome First Aid is dangerous, often productive of great discomfort to the patient and serious hindrance to recovery.

WARN FISHERMEN OF FIRE DANGER

Pinchot Asks Local Men to Take Care at This Time of Year.

Local fishermen have received a letter from Gifford Pinchot, Commissioner of Forestry, urging that care be taken in regard to forest fires while on fishing trips this spring. He says:

The records of this Department show that the largest number of forest fires per day in the whole year occurs just after trout fishing begins. The average number of fires on April 13th, during the five years 1913-1918, was 7; on April 14th it was 11; on April 15th it reached 16; it was 20 on April 17th; and 48—more than on any other day in the year—on April 18th, the third day of the trout season.

After that the average number of fires fell to 26 on April 21st; 16 on April 24th; and 11, the same as just before the season opened, on April 30th.

Of course the weather has something to do with this, but the figures are enough to make a man stop and think. For independently of these figures we know that many spring fires occur from matches or burning tobacco dropped or thrown away by fishermen moving through the woods.

The men of this Department are officially required not to smoke while on duty in the forest. I am unwilling to ask the fishermen of Pennsylvania to refrain from smoking entirely while in the woods, but if they will smoke only when they are not traveling or actually fishing, the number of forest fires will be greatly reduced and the fish and game correspondingly increased thereby.

Just Turn a Faucet

Not till you get a water system on your farm will you realize how much work it does for you.

Just turn a faucet and you have all the water you want—hot or cold, hard or soft.

It saves work in scrubbing, cooking and washing, because there is no pumping or lugging the water from the spring.

It saves work in the dairy, in the barn and in the stables.

And all the water is absolutely fresh—"Direct from the Well." There is no water storage tank and nothing to freeze.

Call and see us or phone. The cost is reasonable.

GYMNASIUM FOR SCHOOL URGED

Champion High School Basketball Team Banqueted Friday Evening.

Talk of possibilities of a high school gymnasium which would allow the basketball team to play their games next season without going out to college and allow them to have their own time for practicing was the main topic of conversation at the banquet given by the Sophomore Class of High School at the Domestic Science House on East Middle street on Friday night in honor of the 1921 championship basketball team.

Everyone talked optimistically of the prospects of the new "gym" and were confident with their own floor they would establish even a better record than was established this year.

An excellent meal prepared by Misses Jessica Weaver, Anna Mumper, and Sara Black was served by Misses Margaret Peters, Anna Zeigler and Anna Thomas. The work was under the direction of Miss Janet Myers, and Miss Anna M. Hake.

Coach Walter D. Reynolds, acting as toastmaster, called upon Captain George Hunter and Captain-elect William Scott and Henry M. Scharf for talks.

Captain Hunter, in his farewell speech to the team that under his leadership established such a remarkable record, thanked them for their support and said that if they continue they stood excellent chances of breaking the record established this year. He paid tribute to Coach Reynolds' ability in calling attention to the fact that he welded a championship team out of one veteran and four new members. In wishing them the best of success in following year, Hunter brought to a close his speech.

Captain-elect Scott in a few words thanked the players for their confidence in him evidenced by electing him to the office of captain and spoke confidently of being able to better this year's record especially if there is a high school gymnasium.

Coach Reynolds in a short talk congratulated the players on their record and their spirit this year. With the possibilities of getting into the Inter-scholastic League next year being extremely good he looks for a big season. He also made mention of the fine manner in which the team was backed by the town people and attributed some of the success to the fact. Those present were Miss Helen L. Cope, Coach Walter D. Reynolds, Cap-

tain Hunter, William Scott, Glenn Bream, Wilbur Weikert, Clifford Bream, David Oyler, Raymond Rebert, Robert Miller, George Scharf, Sophomore Class representative, and Henry M. Scharf, TIMES reporter.

MODERN ATHLETES AT PAR

Young men grow weary hearing old men prattle about present-day boxers, wrestlers, ball players, jockeys and athletes not being as good as they used to be.

Presently young men will be old men, and will find themselves chattering in the same key. It is a habit of age, looking backward.

Boxers, wrestlers, ball players, etc., are as good as these of the old days, perhaps better. This generation has produced the greatest slugger in the history of baseball, the greatest horse in the history of racing, and some of the greatest fighters.

The next generation should do still better. Whisky, grave handicap to many athletes, is passing from the land.

ELMER MYERS REPORTS

York Springs Boy Will Pitch For Boston This Year.

Elmer Myers, who about ten years ago was the star slat artist for the York Springs baseball nine, has reported to the Boston Red Sox training camp in Hot Springs, Arkansas. He was formerly a hold out.

Boston is the third American League club for which Myers has twirled during his big league career. He broke in with the Athletics and was then sent to Cleveland.

JESS PHILOSOPHIZES

Few would expect an analysis of crowds from Jess Willard, but the last time he was in New York Jess indulged in a bit of philosophy.

"The rooter at a championship fight," said Jess, "is always torn by two emotions. He has a great regard for a champion and will, therefore, start in by lustily cheering the title holder. At the same time he usually has an inner desire to see a champion beaten, so that he can afterward brag to his friends that he was present when the title changed hands."

To the Cautious Investor

In a day when the French franc is worth one-third its normal value, when the Italian lire is worth one-fifth, and when even the British pound is sadly below par, who can say how long the bonds of any European government will be a safe investment?

The cautious investor will choose bonds that are based on the American Dollar, which stands out today like a lighthouse in a storm. The First Mortgage Trust Gold Bonds of the Amortization Mortgage Company are payable in "Dollars," in gold coin of the United States of America, of the present standard of weight and fineness; and every mortgage security accepted by the company is similarly payable.

In addition, these bonds are based on the solid values of improved and productive farms—the best security that the world knows.

THE PICKLE BLONDE

Judge Who Refuses Them For Jury Service Explains.

New York, March 19.—Municipal Court Justice William Morris, who ruled that blonde women were "too fickle" for jury service, let it become known diplomatically yesterday that he himself is a former blonde—and that he has been married to a blonde for forty years.

"But what male is so callous as not to engage in tactful flattery when three pretty brunettes save the day?" he demanded, when interviewed in the presence of Mrs. Morris.

"That case might have been postponed again had not three young brunettes responded to the call for volunteer taleswomen to fill the panel."

"The blondes fickle? Why, my boy, they're an excellent race—blondes."

Reduce Those Dangerous Swollen Veins

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal, but also reduces goiter, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist can supply you.

"Pain's enemy"
—I'll say it is!

WHEN you want quick comforting relief from any "external" pain, use Sloan's Liniment. It does the job without staining, rubbing, bandaging. Use freely for rheumatism, neuralgia, aches and pains, sprains and strains, backache, sore muscles.

TO THE THEATRE GOERS OF THE CITY OF GETTYSBURG:

Today I make the most interesting announcement I ever made in my career as a theatrical manager. I believe the information contained in the following statement will be read with intense interest by all who value the best and most artistic in the world of amusement.

I have always faithfully endeavored to bring to my patrons the biggest and best in theatrical attractions of all times for I know only the biggest and best appeal. When I learned that the largest touring attraction in America was to visit Harrisburg for a week, I immediately went to New York and made the terms so attractive that the producers consented to eliminate a week of their Philadelphia engagements to send this attraction to York.

Now I am happy and proud to announce that I have contracted with F. Ray Comstock and Morris Gest, producers of the world-famous "Chu Chin Chow," whereby that brilliant and gorgeous spectacle of ancient Bagdad, the world's most beautiful production, will appear at the Orpheum theatre, four days, beginning Monday evening, April 4, with a matinee Wednesday.

"Chu Chin Chow" is a gigantic and gorgeous musical extravaganza, in ten scenes, with 18 musical numbers, produced on a scale of colossal grandeur, employing the services of 300 people. It was originally presented in London, at His Majesty's theatre, nearly four years ago by Oscar Asche, in association with the late Sir Herbert Tree, and is still playing there to capacity.

The American production of "Chu Chin Chow" was made by Messrs. Comstock and Gest, after the payment of the biggest royalty ever known in the theatrical world, in New York more than two years ago. The scenery and costumes being imported from England and being exact duplicates of the originals.

"Chu Chin Chow" ran one entire season in New York at the Century Theatre and then played an entire season in Boston, Philadelphia, Chicago and several other big cities.

This great production, once more presented in New York at the Century Theatre in August, for a return engagement, and now embellished with many additional scenes and new costumes, comes here direct from its second engagement on Broadway.

Owing to intense interest in the engagement, MAIL ORDERS for this important theatrical event will now be received. Send remittance with self-addressed stamped envelope for return of tickets, and as there will unquestionably be an avalanche of mail orders, please name choice of two performances to insure getting seats.

Prices—Nights, \$1.00, \$2.00, \$2.50 and \$3.00. Wednesday Matinee, \$1.00, \$1.50 and \$2.00.

I believe the engagement of "Chu Chin Chow" will be the most notable event ever known at my theatre.

BANDIT SHOT TO DEATH

Holds 50 Police At Bay While Ammunition Lasts.

Chicago, Ill., March 19—Facing more than fifty policemen, a bandit with a pistol in each hand yesterday was shot to death after he had kept up a steady fight with them until his ammunition was exhausted.

Several policemen were wounded, and one, Detective Mix, is in a critical condition.

Mix, noticing the bandit loitering at a street corner early yesterday, started to question him. The man opened fire and ran. Reinforcements came to Mix's rescue and the bandit finally was cornered.

"MILLIONS NOW LIVING WILL NEVER DIE"

JUDGE RUTHERFORD

The Scriptures abound in time prophecies indicating when such events as have distressed mankind during the past few years, and the opportunity for profiteering in all its phases will forever end.

The divine law is inexorable and every inspired revelation of the divine purpose respecting the affairs of the old world, over which Jehovah for a special purpose tolerated Satan to rule, has been fulfilled exactly on time, and the time for the binding of Satan is at hand.

Every Bible scholar is aware, whether it is now or one hundred years hence, that mankind will sometime arrive at the end of Satan's reign, when everlasting life on this earth can be his blessed portion, instead of death and the tomb as has been the case under Satan's six thousand years of evil domination and delusion.

The purpose of this free lecture is to furnish every inquirer positive Biblical proof and secular evidence, based on prophecies fulfilled during the past five years that we will within the next few years enter this long hoped for period, when families will be reunited and live happily on earth for ever.

If you are interested in the future blessing of yourself and your loved ones and of the whole human family you owe it to yourself to hear this lecture by

E. J. COWARD

OF SAN ANTONIO, TEXAS, IN

Lincoln Way Theatre

Sunday (3 p. m.) March 20

This lecture has comforted multitudes bereaved by the world war, epidemics, and attending sorrows. So great has been the demand that it has been amplified and published in book form, including 500 Scriptural proof texts. Those unable to hear the lecture may have a copy, by sending 25c to the Golden Age News Bureau, 844 East Market Street, York.
